BLOCKCHAIN POWERED ISLAMIC HYBRID FINANCE

OUR COMPANY

Al Ebreiz Global Capital Berhad is a leading technology-based organization providing blockchain powered Islamic hybrid finance solutions with the aim of transforming the modern economic system into an Islamic financial system based on fairness, sustainability and free of interest (Riba).

Led by a team of visionaries, Al Ebreiz was established in 2020 and is headquartered in Kuala Lumpur, Malaysia with plans already in place for expansion into Singapore, Indonesia, and the Middle East.

OUR PRODUCT

Al Ebreiz has created the easiest way for people to trade and own physical gold without any inconvenience of physical storage and security, through the use of our own tokenized gold called MTOG (Musharakah Token Offering Gold) via AlaDeenGold e-wallet which represents physical gold and is used as a value of exchange.

Token-holders are given actual gold ownership in the most secure vaults in the world along with the use of a digital wallet by utilizing blockchain technology.

OUR FORTE

Easy & Convenient

Our platform is designed with users in mind, providing a safe and great trading experience

Industry Expertise

We have solid experience in delivering robust solutions with Islamic finance and technology at heart

Disruptive Technology

Built as an ERC-20 token, MTOG requires a low entry subscription, making it easily available, and easy to trade anytime, anywhere

Shariah Compliant

Our services adhere to the principles of Islamic finance by being transparent, fair, and effectual for economic justice

Nominal Fees

Our fees structure is one of the most competitive in the world for creation and redemption of MTOG tokens in the AlaDeenGold e-wallet

Best Practice Corporate Governance

We are committed in driving our business processes and practices to meet Islamic financial, operational & strategic standards to achieve long-term sustainability
